# Past Celebration

ASHLEY & ANDREW

June 23rd, 2018

*"We had our wedding at Deer Run this past June and it was a BIG hit with our 175 guests. We actually had a friend from the UK make an impromptu speech about how amazing the food was, "that was the best steak I've ever had". We've continually heard how great the food was from our guests and how organized the kitchen staff was with getting everyone their food from the BBQ and to their liking. The chefs (Larissa and Jackie) also went to great lengths to accommodate our growing number of vegan friends who were so appreciative of the effort that went into making sure they were taken care of at every course including the late-night food bar.*

*My husband and I planned this wedding from overseas and Larissa was a breeze to work with. I have to admit I was a laidback bride so once I had made the major decisions I had her take the lead on many of the food pairings and am so glad I did.*

*The kitchen and bar staff were a delight and we're very accommodating on the day, going out of their way to make sure everyone was taken care of and enjoying the night.*

*Don't plan on getting married again but I would definitely recommend this venue to anyone!" Ashley*
